

Entegrity Smart® Solar Kit

The Entegrity Smart Solar Kit is a self-contained outdoor access gate controller that is perfect for pedestrian and pool gates or any installation where it is difficult or expensive to install electrical service. Designed for use with any 12VDC gate or latch, the Entegrity Smart Solar Kit provides continuous service with just 3 hours of sunlight each day, or 650 activations with battery only.*

The Entegrity Smart Solar Kit Includes:

- Entegrity Smart Door/Gate Controller
- Solar Panel: Includes 25-year power output guarantee
- Absorbent Glass Mat (AGM) 12V Battery
- Battery Charge Controller: Protects against battery over-charging or over-discharging
- IP65-rated Nema Enclosure
- Mounting Hardware: Fits 2" to 4" poles

Manage Access Anytime, Anywhere

Our Cloud Management Tools, Bluetooth Smart Devices and Smartphone Apps combine all the features of a sophisticated access system with a long-range Bluetooth reader in an easy to install package that you can manage from anywhere. The system also uses your phone as your key and your network, eliminating the hassle and expense of panels, cards, software, IT networks and internet service providers.
