

Entegrity Smart Case Study

Fitt Life Fitness

Texas Gym Offers Secure 24/7 Access

The Customer

Fitt Life Fitness is a private training gym located in League City, TX.

The Challenge

Fitt Life Fitness wanted to differentiate from other gyms and offer their customers more; however, owner Natasha Reyes did not need a comprehensive access control system. Reyes worried providing secure 24/7 access might be out of her price range.

The Solution

Reyes received a demo of Entegrity Smart's solution on Fitt Life's front door and was impressed. Now, she can offer 24/7 access with no staff on premises, revoke or put memberships on hold, and set activation and deactivation dates with a few key strokes. Today, Reyes can offer her customers the level of service she wants while maintaining the control she needs—all within her budget.

"Fitt Life Fitness offers their customers a high level of service while maintaining the control – all within budget"

- Natasha Reyes

Highlights

Easy to Use – User access can be added or revoked at anytime from anywhere as contracts expire or members stop paying.

Zero Worry – There's no need for Reyes to worry about who is gaining access and when, especially when facility is unstaffed.

About Entegrity Smart

Entegrity Smart is powered by VIZpin and offers smart property systems for managing visitors and controlling access to your entire property. Our cloud-based system is the most secure, convenient, and affordable way to unlock doors, gates, garages and more with your smartphone. Our products and services are available through a network of Certified Partners, OEMs and Licensees. VIZpin Inc. is privately held and based in PA.
